Hi Trader,

BlackArrow is coming soon!

FXGlobe has teamed up with Nelogica to bring you BlackArrow—a platform designed by traders, for traders. This isn't just another trading tool; it's one of the best-performing platforms in Brazil, now paired with FXGlobe's trusted reliability as a veteran broker.

Example

Overview:

FXGlobe is a regulated broker with years of experience in providing traders with reliable, cutting-edge tools and support. By partnering with Nelogica, we're enhancing our offerings with BlackArrow, giving you access to a superior trading platform.

Question

Why BlackArrow?

Unlike generalist platforms, BlackArrow excels with its specialized features and deep connectivity with your broker.

This means seamless integration, superior support, and a trading experience that's smooth and uninterrupted.

Here's what you can expect:

Tailored Customization and Automation to fit your trading style perfectly.

Streamlined Market Analysis to sharpen your trading decisions.

A Modern, Intuitive Interface that makes trading easier and more effective.
